

Documentation for Compiling and Installing FreeCAD from Source

- Download the source from <https://github.com/FreeCAD/FreeCAD>
- Download and install the third party dependencies for Debian and Ubuntu https://www.freecadweb.org/wiki/CompileOnUnix#Debian_and_Ubuntu
- Compile FreeCAD by an out-of-source build by following: https://www.freecadweb.org/wiki/CompileOnUnix#Out-of-source_build
- Run “FreeCAD” from “freecad-build/bin/”
